Greta Valley Rogaine 2021 "Scargill"

6, 3 & 1.5 hour rogaines
Sunday 11th April 2021

Dear Team,
Thank you for your entry.

Your team number is available at: www.rogaine.org.nz.
(http://www.rogaine.org.nz/entry/entrants.php?eventId=27) Please enter your team number on the indemnity form sent separately with this information.

The team contact person is asked to please ensure all team members are familiar with all the information in this document. We hope you enjoy the event.

Welcome

The Friends of Greta Valley school welcome you to the Greta Valley Rogaine. For this event we acknowledge the support of landowners Gerald and Julia Tuetenberg (Greta Peaks), Brett and Emma Harris (Glencoe), Alan Calder (Vernon Downs), David Hyde (Inverloch), Tom and Milly Maxwell (Maxwelton) and Stuart & Jo Fraser (Mt Benger).

Getting to the event

Registration is at Greta Peaks.
From Christchurch, allow 1 hour 25 minutes. Travel north on SH1, and turn left at Greta Valley and travel through to Scargill. At the T-intersection, turn right along Overtons Road and just beyond the intersection with Lambies Road turn left into Greta Peaks.
From the north, turn right at Greta Valley and then as above.
From Amuri Basin, turn left at Waikari into the Waikari-Scargill Road and travel to Scargill and then as above.

Carparking

Park as directed. Consider carpooling as much as possible.

Registration

Registration from 8:30 am (6-hour)
from 10:30 am (3-hour)
from 12 noon (1.5-hour)

Ensure your team is together and that you have your **completed indemnity form** with you.
NOTE: If you have not paid your entry fee you will not be permitted to register.
Each **team member** will receive:

- 6-hour. A waterproof map (A3 size at 1:25,000) with pre-marked controls and control descriptions – see also additional notes, page 4;
- 3-hour/90-min. Your maps will not be waterproof, so you will also be given a clear plastic map bag each. Feel free, however, to bring your own map bag.
  for the 3-hour the map will be A4 also at 1:25,000, and for the 90-min it will be A4 size but at 1:12,500 .

Each **team** will receive:

- two NAV TAGs – **NB**: In Mixed teams they must be worn by a male and by a female. Note: All three events are using electronic punching. The tags go on your wrist.
- 6 & 3-hour only: an A4 (black and white) intentions map (see below).

Intentions map (6 & 3-hour events only)

Please mark your intended route (with direction arrow) on this map. The route you mark need not constrain your subsequent plans through the day, but it does provide backup information in the event of us having to call out SAR to look for you.
The intentions map is to be handed in before you start.

Briefing and Start

The Start/Finish is at the Registration area.
Times are as follows:

6-hour	briefing at **9:45 am**, for start at 10:00 am
3-hour	briefing at **11:45 am**, for start at 12 noon
1.5-hour	briefing at **12:45 am**, for start at 1:00 pm

For details on using the Navlight Electronic Scoring System see the homepage of the website www.rogaine.org.nz.

Your NavLight will be activated at the Briefing, so you must attend the briefing. If your NavLight is not activated you will score zero.

Finish

The Start/Finish is at the Registration area.
The events will finish on the dot as follows:

1.5-hour at **2:30 pm**
3-hour at 3**:00 pm**.
6-hour at 4**:00 pm**.

Aim to **finish on time; you will be penalised 20 points per minute late, but if you are more than 30 minutes late then all points will be lost.**
At the finish, Register your wrist-tag on one of the finish punches, and then present yourselves to the assistants who will snip off your wristbands. Your NavTags will then be downloaded. Wait for an immediate printout of your score. If you have any disagreement with it, see the Controller (man in orange vest), NOT the scoring team.

Post-event food

There will be meat or veg alternative with salad bun, pumpkin soup and hot drinks for finishers in all three events, catered for by the Friends of Greta Valley school.

For the 1.5-hour from 2:30 pm
For the 3-hour from 3:00 pm
For the 6-hour from 4:00 pm.

PLEASE BRING YOUR OWN EATING UTENSILS FOR THE POST-EVENT FOOD THAT WILL BE PROVIDED (PLATE, MUG, KNIFE, FORK AND SPOON)

Results

Results for each event will be announced as soon as possible, after the conclusion of each event, and will subsequently be available on the NZRA website: www.rogaine.co.nz. There will be performance and spot prizes.

What to bring

All competitors must be fully equipped for adverse conditions with full body storm weather cover.

Compulsory clothes and equipment:

Per team member:	thermal top & trousers	thermal hat and gloves
	shower proof/windproof coat	survival sheet or pack liner
	whistle,	food, water bottle
	robust, well-fitting footwear with well-treaded soles	
	PLEASE ENSURE THAT FOOTWEAR IS CLEAN (no dirt, seeds, etc.)	

Per team:	small first aid kit	at least 1 compass (but no GPS)
	watch	pencil, biro, or fine marker
	cellphone	torch (just in case)

Your gear is your responsibility. There is no compulsory gear check but the organisers may check on a random or selective basis.

Depending on weather on the day, we **strongly recommend** you also carry: fully rainproof parka, second layer thermal top, showerproof over trousers. You may also wish to consider having and/or carrying the following:

- Highlighter to plan and mark your route.
- Personal Locator Beacon.

Food and drink during the event

Carry enough for the amount of time you are in the field. Come with your drink bottles filled, we WON'T have water for this at the start. You may return to the Start at any time during the event to finish or rest. Streams are probably not safe to drink from, you do so at your own risk. There will be two water stations on the course.

First Aid

There will be first aid at the Start/Finish.

Cancellation

This event will only be cancelled if conditions are extreme. If cancellation is made before the day this will be posted on the NZRA website www.rogaine.org.nz ; otherwise such will be notified at the start.

The organisers reserve the right to shorten the event for safety or other reasons. See also Appendix 2 below for what will happen if we move to Covid-level 2 between now and the event.

The map

- A3 size for the 6-hour; A4 size for the 3- and 1.5- hour.
- 6 & 3-hour: 1:25,000 with 20m contours, aligned to magnetic north.
- 1.5-hour: 1:12,500 with 20m contours, aligned to magnetic north.
- The terrain is hill county with streams in the gullies. Elevation ranges from about 120m to 512m (6-hour) /180m (90-min).
- In some places there are steep rocky bluffs. See also Hazards, below.
- Vegetation is mainly farmland with scattered scrub, native bush in some streams, and some pine shelter belts. Scattered scrub is more extensive than shown on the map. The pine plantations are mostly mature forest and are navigable.
- The map is based on the LINZ Topo50 data with updates from aerial photography, GPS and field observations.
- Tracks and fences. There are more tracks and fences than shown and those that are shown may no longer be accurate. Otherwise navigate primarily using contour features that do not change, hills, gullies, streams etc.

Safety and Hazards

Safety is a priority during this event. However the organisers cannot guarantee your safety and you participate at your own risk. Your responsibilities include:

- carrying all compulsory protective clothing and other safety equipment.
- staying together as a team at all times, and providing mutual support.
- helping any other team you find in difficulties.

Hazards to be aware of are:

- **Hypothermia.** Wind, water, snow and cold temperatures can lead to exposure or hypothermia. Early symptoms are subtle (clumsiness, lethargy, slurred speech). Be prepared to seek shelter or to call it a day if conditions are severe, or if any of your team is becoming exhausted. In severe weather, keep off high, exposed ridges. As altitude for the event ranges up to 500 m (180 m for the 1.5 hour), it will be mandatory for all competitors to be equipped for adverse conditions.
- **Streams**. All streams should be crossable. If necessary look for the best crossing point. If a stream looks to be too heavily swollen then DON"T CROSS..
- **Cliffs, slippery rocks**. There are cliffs and outcrops throughout the event area. Please be very cautious around steep faces and rock bluffs. Rocks in the streams can be slippery.
- **Rough ground and tussock slopes.** Grass slopes can become slippery.
  Also be alert to hidden obstacles such as rocks and loose fencing wire.
- **Fog/low cloud**. If in fog, orientate the map and yourself with a compass. If in doubt,

don't climb into cloud, and descend out of it.

- **Fences**: Most electric fences should be off. But we can't guarantee it. You decide what precautions you want to take. Take care where there is barbed wire.
- **Scrub**: The tussock is interspersed with matagouri. If you enter thick scrub it is likely there is an easier route, backtrack and go around. Full body cover is advisable, but is already required (see **Hypothermia**, above).
- **Road traffic**: This is an off-road event.

In the event of serious injury or exhaustion, make injured person warm and comfortable; and ring for help. There is coverage on most of the map other than the northern part. Emergency numbers will be printed on the map: **021 436 367** or **111** in an extreme emergency. Feel free to carry a Personal Locator Beacon. If you cannot obtain help by phone then arrange, if possible, to leave someone with the person; note your exact location and seek help. Emergency signal: repeated short blasts on whistle. Repeat if you hear one long blast. See also note on first aid, above, page 3.

If you become totally disorientated, travel down slope to sheltered ground. Be very careful of steep cliffs. If you become totally lost try and descend heading WEST in the northern part of the map and SOUTH in the southern part of the map.

Any queries:

Emma 027 589 2450 or emcalder99@hotmail.com
Stuart 027 681 4705 or oldhat@actrix.co.nz (including advice to beginners)

Appendix 1: Rules in brief

Rules in brief

- Use rogaine event map and compass only. GPS or altimeters are not permitted.
- Travel only on foot.
- Your team may visit any number of controls and in any order.
- Team members to stay within verbal contact of each other at all times. All members must approach within 20 metres of each checkpoint. (Your fellow competitors will be watching)
- If a punch fails to function (no light), record the code inside it.
- If in the unlikely event that a control is missing be able to describe the local setting or take a photo.
- If a competitor wishes to withdraw, the entire team must return to START/FINISH and notify organisers. (Team retains current points score.) Teams of one are not permitted.
- When your team finishes, all members must be together when the finish punches are tagged.

Procedure at each control

- Each control comprises an orange/white flag, and coded punch with control number.
- Insert the NAV PUNCH IN YOUR NAV TAG – (There will be a test NAV TAG and PUNCH at Registration.)
- BOTH team tags must be punched at EVERY control visited.

Points value, penalty points, protest

- Points 20-29 are worth 20 points, points 30-39 are worth 30, etc., with 101-103 worth 100 points – this information will also be on the back of your map
- 20 points penalty for each minute late. 30 minutes late - all points lost
- If you disagree with scores, see the event organiser.

Appendix 2: Covid-19 Level 2

If Canterbury moves to Covid-19 level 2 before Sunday, we will run the event with the following changes

1. No food.
2. No prize giving.
3. No late entries.
4. No Navlight. Competitors will write down on the control description sheet a 3-letter code at each checkpoint, as per a yellow tag at the control. So you will require a pen or pencil to do this.
5. Starts will be in waves of 50 competitors separated by 10 minutes. You will be notified of your wave at registration
6. One member per team will be permitted at registration, and must wear a mask while being registered.
7. Course planning to be done in cars or socially distanced from other teams.
8. Social distancing must be observed between your team and other teams at all times (including during the event).

Appendix 3: Environmental and farm care

- Keep clear of buildings, machinery.
- Gates to be left as found - usually closed. If your team opens a gate then your team closes it (The person who opened the gate should close it).
- Cross fences with care - through wires (some will be electric), cross at a post.
- If gate cannot be opened, please climb over at the hinged end.
- Don't crowd stock or trample crops.
- Out of bounds means OUT OF BOUNDS.
- No **rubbish**, no dogs (not even in vehicles at Registration), no firearms.
- Report any damage, distress to stock, etc. to event organisers.
- No smoking.
- All human waste must be buried. There will be toilets at the Start/Finish.
