Wairewa Rogaine

6 hour Rogaine
Sunday 23rd July 2006

Tena Koutou katoa,
Nau mai, haere mai ki tenei mahi.
(Welcome to this event)

Thank you for your entry.

Your team number is:
Please remember it.

As team contact person, please ensure all team members are familiar with all the information below and attached. This information is also accessible at: www.rogaine.org.nz. We hope you enjoy the event.

Getting to the event

REGISTRATION and START/FINISH is at the Wairewa Marae, just north of Little River village on SH 75. The marae is on the left (approaching from Little River). As this is a main road, please be careful as you slow down and turn off the road. Please park considerately at 90? to the fence and where directed.

Powhiri, registration and start

This rogaine is being held as part of Maori Language Week as a partnership between NZ Rogaine Association and Wairewa Runanga. You will be welcomed to the marae by the Tangata Whenua (hosts). We ask that your **entire** team be at the venue promptly at 8.30am so that this powhiri (welcome) can take place. As Manuhiri (guests) you have a role in this powhiri - there will be guidance on the day as to the details of this role. If you want to be prepared prior to arriving (especially if you have never been invited or welcomed onto a marae before) you may like to visit the website www.maori.org.nz and follow the links under "Tikanga – Customs/Traditions" to the "Pohiri" section. Following the powhiri, ensure your team is together and that you have your **completed indemnity form** with you. Briefing will be before maps are given out. As we are unsure exactly how long the powhiri will last, the exact start time is indeterminate. However, you will be given at least one hour planning time, with start expected to be sometime around 10.00 – 10.30 am.

The event will close exactly 6 hours after start time at the START/FINISH. Aim to **finish by this time, you will be penalised 10 points per minute late. If you are over 30 minutes late you will be disqualified.**

The Event. The rogaine itself is a standard rogaine, although instead of the normal orange/white flagged controls, controls will be plastic white plates (23 cm diameter) with kupu Maori (Maori words) written on them. You will need to copy this kupu (word) onto your score sheet to prove that you visited the location. Note that the Rules of Rogaining require that all team members pass within 20m of controls. The full Rules of Rogaining are available on the NZ Rogaine Association website (www.rogaine.org.nz) under the "Resources" link. Please ensure that you are familiar with these.

Bonus points will be available which will depend upon your team's knowledge of te reo Maori (the Maori language). **Maori language dictionaries will not be permitted between start time and the time that you finish.**

There are numerous small parcels of land in the area (especially in the Little River village area), please respect their privacy and do not enter onto private property.

Finish. As soon as you finish, ensure that your **entire team** pass through the finish area. Your time of finish will be recorded here and you will be asked to hand in your score sheet. Your rogaine score plus bonus points will be ascertained by a scoring team. If you have any disagreement with your score, see the event organizer, NOT the scoring team. Scores will be published on www.rogaine.org.nz as soon as possible after the event.

Event chronology

8.30 am	Powhiri (Wairewa Marae)
9.00 am (approx)	Briefing
9.15am(approx)	Maps handed out, Route planning and preparation
10.15 am (approx)	START
4.15 pm (approx)	FINISH
5.00 pm (approx)	Results, spot prizes, farewells (including hangi meal)

What to bring. Although Little River and Wairewa are reasonably sheltered, some of the control sites are at high points exposed to cold conditions. See "Safety Sheet" for required equipment.

You will also need:

- A range of marker pens, pencils and highlighters, pins and string, and ruler, for planning and measuring your route before you start
- Pens and/or pencils to write down the words at control sites onto your score sheet.
- Clear contact (or resealable bags) to protect your map and check point description sheet.

Navigation devices such as GPS or altimeter, including watches with altimeters, are **not allowed**.

Food and drink.
Carry enough for 6 hours in the field. Please bring your water from home as it may not be readily accessible at the marae. You may return to the start-finish at any time for a rest, or a drink. There will be no water stops. Drinking from the creeks is not recommended.

Your back country travel skills.
If your team lacks confidence in finding its way in moderate, untracked tramping terrain, we suggest you confine your route to the more easily accessible check points in the main valley.

Hazard: Roads are open at all times. It is your responsibility to obey the road code rules at all times, to keep to the side of the road and to be alert to traffic at all times.

Cancellation
This event will only be cancelled if conditions are extreme; to be notified at the start. The organisers reserve the right to shorten the event for safety or other reasons.

Registration and event procedure

At the registration desk your team must present the completed Indemnity and Emergency Contact Form. Ensure you have entered your team number on the form. You will then be issued with:

- one event map (1:50,000 scale topo map on A4, although we are hoping to be able to make this a 1:25,000 scale A3 map) per team member,
- one Control Description/Score Sheet per team,
- a single black/white version of the map to be used as your "flight plan". Enter your team number and plot your intended route on this map, including direction of travel, and return it to registration before you start. (You may subsequently modify your route according to conditions as you progress).

We recommend you spend all of the available time planning your route, making the day more enjoyable and rewarding. You should plan your route carefully, aiming to challenge your map reading and navigation skills but to stay within the safe limits set by the terrain and weather, your experience and fitness.

Your team may visit any number of check points and in any order. Your aim is to maximise your 'score'. Each checkpoint will have a unique number. The score value is the first digit followed by a zero. Thus checkpoint number 23 has a score of 20 points and 91 a score of 90 points. Checkpoints numbered 100 and 101 are worth 100 points. Bonus points will be available depending on your knowledge of the Maori language. Details of this will be made available on the day. (When you think about it, you probably know quite a few words of te reo Maori; e.g. wai, whare, iwi, hui)

All members of your team must attend the event briefing. All teams start together. Concentrate on your own team plan; do not try to follow other teams.

Each checkpoint comprises a 23 cm diameter plastic plate tied to a bush or post or other object. As they have been placed in the field up to two weeks before the event we cannot be certain that all are still intact. If a checkpoint is missing, you must be able to describe its presumed original location to the score keepers to be credited with the points.

When you visit a checkpoint, write the kupu (word) that appears on the plate in the appropriate part of your score sheet.

Spot Prizes

We have been supported in the rogaine by the following sponsors who have donated a few spot prizes. We wish to thank them:

Little River Café & Gallery
R & R Sport (Lichfield Street)
Frontrunner (Lichfield Street)
Little River Hotel

Safety Sheet – Wairewa Rogaine
12 hour Rogaine – Sunday 23rd July 2006

Compulsory clothes and equipment per team member:

thermal top & trousers	thermal hat and gloves
shower proof/windproof coat	survival sheet or pack liner
whistle	pencil or fine spirit marker per team
food, water bottle	first aid kit per team
at least one compass per team	

suitable, robust, well-fitting footwear with well-treaded soles.

Your gear is your own responsibility. There will be no compulsory gear check but the organisers reserve the right to do checks on a random or selective basis. You must be suitably equipped to start.

We **strongly recommend** you also carry:

fully rainproof parka, second layer thermal top, long gaiters, showerproof over trousers, a compass each, watch. You may wish to use walking poles.

Cell phone coverage is available. During the event, the organisers can be reached on 027 242-7894.

Safety is a top priority during this event. Organisers and participants (you) have responsibilities for safety. Your responsibilities include:

- being aware of and meeting all safety requirements specified by event organisers in writing, on the event web site, or verbal briefings,
- carrying all compulsory protective clothing and other safety equipment,
- advising your team member(s) of any medical conditions you have, your general level of fitness and other factors that may affect you adversely during the event,
- staying together as a team at all times, and providing mutual support, and helping any other team you find in difficulties,
- depositing a 'flight plan' map showing your intended course at registration before you start,
- advising organisers if you withdraw from the event, or when you finish. This is our safety check that you are no longer on the course and **IS COMPULSORY,**
- being highly conscious of time and avoiding a late return – being late results in a hefty points penalty as well as raising safety concerns,
- being prepared to modify your plans to be more conservative if safety conditions dictate this,
- monitoring team and individual progress and fitness and modifying plans as required,
- looking out for hazards, such as:

1. **Hypothermia.** Wind, water and cold temperatures can lead to exposure or hypothermia. Early symptoms are subtle (clumsiness, lethargy, slurred speech). Be prepared to seek shelter or to call it a day if conditions are severe, or if any of your team is becoming exhausted. In severe weather, keep off high, exposed ridges.
2. **Dehydration.** Drink lots of water – we suggest you carry at least 2 litres per person. Note that there will be no drink stops on the course.
3. **Streams**. Do not cross streams if they are heavily swollen.
4. **Cliffs, slippery rocks, loose rocks, incised creeks, gullies, slippery grass, hidden obstacles such as logs, loose fencing wire**, etc. may be present throughout the event area.
5. **Collapsed tunnels or 'underunners', especially on farm tracks**

6. **Fog/low cloud**. If in fog, orientate the map and yourself with a compass. If in doubt, don't climb into cloud, and descend out of it as soon as possible.
7. **Road traffic:** There will be traffic on roads. No roads are closed during the event. The road code applies at all times; keep to the side of the road.
8. **Deer fences**. There are many deer fences in the area. It is OK to cross these (unless marked as out-of-bounds on the map), but stay out of paddocks which have dense deer populations in them, or if they are all stags.
9. **Electric fences**. Usually the top wire, but sometimes a lower wire, may be hot (look for insulators on the post). Treat all as ON. Climb through lower wires, or use parka, pack or map for insulation.

In the event of serious injury or exhaustion, make the injured person warm and comfortable; arrange, if possible, to leave someone with the person; note your exact location on the map; seek help via the nearest road. Emergency signal: repeated (6 or more) short blasts on whistle at about 1 second intervals, repeated each 1 to 5 minutes. Repeat if you hear one long blast. If you become totally disorientated, travel down slope to sheltered ground.

To contact the event organisers: **027 242-7894**.

IT IS MID WINTER – BE PREPARED

We can give no assurance that teams unable to make their own way to the finish, or a road, can be assisted before nightfall on Sunday 23rd July.

Environmental and farm care

Rogaining is an environmentally and socially friendly activity and we expect you to reinforce this ethic.

- Respect farm stock, fences and other facilities, and the right for landowners to operate their business, and lifestyle.
- **LEAVE GATES AS FOUND.** They will usually be shut. Shut them if you have any doubt.
- Cross fences, where you must, at a strainer post, or climb through.
- Report any damage, or distress to stock, to the organisers
- Protect plants and animals
- Remove rubbish – more importantly, don't create it in the first place
- Bury toilet waste - better still, don't create it in the field. Keep streams clean

This event is almost wholly on private land and we gratefully thank the six farming families who have welcomed us for this event. Please ensure the trust they have placed in us is justified.

Thank you, BSM & team.

BASIC INFORMATION

Rules in brief:

- Use compass and rogaine event map only. GPS and/or altimeter units are not allowed, including watches with altimeters.
- Travel only on foot.
- Team members to stay within verbal contact of each other at all times. **All members** must visit each checkpoint.
- If a check point is missing, be able to describe the local setting in detail to the organizer at the finish to verify your visit.
- When visiting the START/FINISH, all team members must report to the finish. You may still go out again later.
- If a competitor wishes to withdraw, the entire team must return to the START/FINISH and notify the organisers. (Team retains current points score). Teams of one are not permitted.
- Event finishes exactly 6 hours after start time (approx 4 pm); as specified at start.
- When your team finishes, **all** members **must** report to the finish area.

Procedure at each checkpoint

- Record the word on the control upon your score sheet.

Points value, penalty points, bonus points, protests

- Checkpoints numbered 100 and above are worth 100 points. Otherwise, checkpoints 20 to 29 are worth 20 points, 30 to 39 are worth 30 points, etc.
- 10 points penalty for each minute late. 30 minutes late - all points lost
- Bonus points will be available depending upon your knowledge of te reo Maori.

Safety

- Carry and wear suitable clothing and equipment
- Team to remain together at all times
- Be alert to exhaustion, dehydration, sun, and/or hypothermia
- Help other teams having problems
- If your team withdraws from the event you **must report to the organizers at the START/FINISH**. Otherwise you will be reported overdue and a search will be mounted.
- Take **extreme care on roads, which remain open to traffic.**

Emergencies

- Emergency signal: repeated, short whistle blasts
- Repeat if you hear one long blast

Serious injury

- Make injured person warm and comfortable
- Leave someone with the injured person if there are more than two in the team.
- Note your exact location on map
- Seek help via nearest safe route or road and return to base

Farm/land courtesy

- Keep clear of buildings, machinery
- Out of bounds means OUT OF BOUNDS
- No **rubbish**, no **dogs**, no **fires**, no **firearms,**
- Report any damage, etc. to event organisers
- Keep clear of small property owners private land.

A full set of rules governing rogaining in New Zealand is available on www.rogaine.org.nz

TEAM NUMBER: _____

Wairewa Rogaine - Sunday 23rd July 2006

Indemnity and Emergency Contact

Teams will not be registered until the following have been completed and presented at the administration desk.

Indemnity

We, the undersigned, hereby acknowledge that the New Zealand Rogaining Association, the Event Organizers, and the owners of the land used for this event, accept no liability for any loss, damage or injury to ourselves (including vehicles at the event venue) resulting from our participation in this event. We enter this event at our own risk and acknowledge that there may be risks associated with the sport of Rogaining. We understand the safety requirements set out by the organisers.

Name	Signature	Date	Date of birth

Emergency Contact

Your name and Car Registration Number	**Emergency Contact (not a competitor) Name, Address, Phone No.**	**Allergies or Medical Condition**

NOTE:

1. A parent or guardian must sign the indemnity form on behalf of a competitor under the age of 18.
2. Supply the name, address and telephone number of a person to contact in the event of an emergency. This person must not be a competitor in the event.
3. Supply details of any medical conditions or allergies that might be of assistance to First Aid staff in the event of an accident or emergency.
