Suburbs to Surf Rogaine

Dunedin, Sunday 2nd March

6hr foot, 3hr foot or 3hr MTB

Organised by Tim Jowett and located on the rural-urban fringe of the Otago Peninsula with about a third of the map in a suburban area (about half of which is flat). The remainder of the map is covered by generally gently sloping hills with isolated steep sections rising from sea level to a maximum altitude of 320m. Access during the race is strictly limited to public land, i.e. roads, parks, tracks and beach/sand dune areas.

This is a "shoe-string" rogaine in that there will be no prizes or food provided (sorry) and rather than having controls, competitors will write down answers related to features at each control site visited.

- Team size: 2 to 5.
- Entry fee: $10 per person, enter and pay on the day.
- To ensure that you get a map, please email Tim (Jowti231@gmail.com) with details of team size and event option (see below).

Event options:

- Six or three hours on foot.
- Three hours on mountain bike.

Teams can choose their own start time between 8.30 – 11.30am. Your personal race clock will start as soon as you get the map so planning time is included in the time limit of your chosen event option.

The event base will be the Guthrie Pavilion, Bayfield High School, 2 Shore Street, Andersons Bay. Park in the Bayfield park car park and follow the path to the pavilion immediately east of the cricket changing rooms.

Please note that plastic map bags will not be provided so you might want to bring your own on the “off chance” that it might rain.

Contact is Tim Jowett (email: Jowti231@gmail.com, ph. 027 656 7251).
