The Concept: The series comprises three 3 hour rogaines based in the terrain bounded by Sumner, Lyttelton and Godley Head. The events will run on **Wednesday** nights weekly starting at **6.30pm** (registration from 5.30pm). Each week the event will focus on a different part of this

brilliant area with an interesting diversity of landforms, from native bush to rolling hill tops, rocky coast line and pleasant beaches. Teams must have a minimum of 2 members.

Event 2 (Wednesday 30th May): Starting in **Lyttelton,** this event explores the cliffs, contours and single tracks on the southern side of the Port Hills. The event centre will be signposted from Lyttelton town centre.

Event 3 (Wednesday 6th June): From **Sumner** town travel an exciting mix of single track, rugged valleys and windswept beaches. Stunning! Navigation to suit all from a very beginner to someone who thinks they are good.

Event Fee: $20 per race or $50 for the complete series (this fee is per person and includes an accurate pre-marked 1:25,000 map each per race). **Special price for students/unwaged**: $40 for all 3 races or $15 per race.

Sponsorship: We are glad to acknowledge the awesome support of R&R Sport. They will be providing spot prizes during the series.

Further enquiries: We are happy to answer any questions you might have, about the events or about the navigation skills required. Please contact Michael at MADeventz@gmail.com or ph 3779 686. Further information regarding detailed whereabouts of events, instructions and minimum gear requirements will be emailed out a couple of days before each event.

In case of really bad weather: Races will not be held if it would be **really unfun**. They would be postponed to the following Wednesday.

What is a Rogaine???A Rogaine is a cross-country, endurance, navigation event on foot, using a map and a compass. Teams (of 2+ people) are given a 1:25,000 topographical map with about 30 checkpoints marked on it. The checkpoints have differing point values. Teams collect points by visiting as many check points as possible over the time period (in this case 3 hours). The team with the most points wins (although they might not have the most fun ☺. As a team you choose your own route and distance within the mapped area. You decide which checkpoints to visit and in which order. Hence Rogaining is as much about careful route choice and navigation as it is about physical endurance. You can be as competitive or as social as you choose (get out there and have a mental adventure!!).
