New Zealand Wildcard Selection for WRC2012, Czech Republic

30th November 2011

For WRC2012 there is provision for selection by individual countries of up to 6 wildcard teams per country. These wildcard entries are intended for deserving people who fail to gain entry via the other routes in the entry criteria (see the criteria on the event website, http://www.rogaining.cz/wrc2012/).

Wildcard Process

All NZers wishing to take part in WRC2012 need to register via the event website http://www.rogaining.cz/wrc2012/. Teams that have not been invited by February 15th to confirm entry by payment may apply for selection as one of the wildcards allocated to NZ. Such teams should notify the convener of selectors by February 22nd of their desire to be considered for wildcard selection. Teams that are allocated a wildcard position by the NZ selection panel will be notified via email by March 14th. The WRC2012 organisers will also be notified and invitations to confirm entry by payment will subsequently be sent by them to the selected teams.

Applications are to be sent to the convenor of selectors Annie Sanderson (annie.nick@xtra.co.nz) not later than February 22nd and should contain the following information for each team member:

> Name, full postal address, email address, contact phone numbers (daytime, evening, mobile), date of birth, and category in which the team wishes to compete.

Your application must note the basis on which you apply for wildcard selection. Each application will be acknowledged by return email and the list of applicants, and the final wildcard selections, will be published on the NZRA website.

The selection panel is Annie Sanderson (Convenor), Vivienne Prince, Bill Kennedy and Pete Swanson.

Wildcard Selection Criteria

Either of the following two criteria would help the cause for your selection:

- Each person in the team must have recorded a significant performance in a 12hr or longer rogaine in any age/gender category between the beginning of 2010 and 22nd February 2012. Such a performance will be measured against people who have pre-qualified for WRC2012 entry (see the pre-qualification list on the event website).
- At least one person in the team must be playing a significant role in the development of the sport and/or the organisation of rogaines in New Zealand.

Typical categories of people who might qualify via performance are:

1. Talented juniors needing a chance to get an entry.
2. People who have just changed age grades and who would be competitive in the new grade.
3. People who missed prequalifying events or who performed uncharacteristically poorly in a prequalifying event.

Unless there are extenuating circumstances teams that apply for wildcard selection but who have registered on the WRC website after 14th December will be ranked behind those that have registered by 14th December.

Please apply for wildcard selection only if you are firmly committed to attending the champs if selected as there will not be time to arrange replacements. Also note that wildcard selection does not imply financial support to attend the champs.

If you have any queries please contact Annie Sanderson, annie.nick@xtra.co.nz.
