New Zealand Rogaining Association AGM,
Monday 23 February 2009, 29a Hamilton Avenue, Christchurch

Present: Trevor Merrifield, Bill Kennedy, Grant Hunter, Jac Woudberg, Peter Squires, Phil Bones, Dave Laurie, Emma De Lacey,
Apologies: Andy Buchanan, Lance Eccles

Minutes of AGM 2008: Moved that minutes are accepted: TM/PS

Matters arising
Laptop purchase for Navlight. Not found to be practical or necessary for the level of use, so no purchase will be made at this stage.

Annual trophies recall. This is going OK. We are tracking who has them, and getting them returned, though 'plucking them out' for engraving is an ongoing challenge. Options include reimbursing recipients to have them engraved while they hold the trophy, and the committee undertaking engraving, either immediately after them being awarded, or after the end of tenure, all of which are problematic. We will continue to monitor this, and look for a smart solution.

Web-based event entries: Implemented and going well. The committee agreed that we need to continue to also offer a paper entry option.

Committee structure
The committee is exploring ways to operate at a more truly national level. It is not aware of any demand from the wider membership for a stronger national functioning.

As an interim measure at the 2008 AGM it was agreed that the regional reps would be regarded as full committee members. The committee has also begun to adopt Skype (Internet phones) as a tool enabling affordable nationally linked meetings, and first for meetings associated with the World Championship event, and for this AGM, 2009. Though using Skype still presents challenges (e.g. having the necessary equipment, and building user comfort levels with it) we have made useful progress in adopting it.

It was suggested that by regarding each regional rep as a 'subcommittee, formed by the management committee, which will have the same powers as the management committee' the overall structure is consistent with the Rules of NZRA.

It was also noted that the Association, and rogaining in general, has a fairly small base regionally and nationally, and that organisational frameworks should reflect and adapt to needs, rather than set a larger plan that might not be attained. Also that NZRA is only one of several organizations/groups delivering rogaining in New Zealand.

Proposed (GH, seconded PS) that
That NZRA continues to work within the current committee size and structure, including the regional reps, until the Committee has experimented with, and defined, a robust way to operate more as a national organization. At that time, NZRA will propose a revised committee structure that reflects its national-scale mission and is

practical, and ensure that its formal structure (as per the Rules) and its actual structure fully align. *Passed unanimously.*

General business

Rogaining rules for New Zealand
These have been finalised and endorsed by both NZRA and NZOF. They are based on ARA rules, with several modifications to suit New Zealand.

Noted that IRF rules will apply for the 9th World Championship event in 2010, though these also will need to be modified, with agreement of IRF, to fit NZ conditions. Generally there are not great differences between these rule sets.

9th World Rogaining Champs
Agreed that NZRA will underwrite costs of staging the World Championship event in 2010 up to the asset/investment value of NZRA.

Discussion sought to clarify the status of our relationship with IRF and 9WRC. Our understanding is that NZRA is organising the 9th WRC on behalf of the IRF, but that it essentially becomes a NZRA event, operated in good faith to IRF rules and standards as appropriate. There has been no formal sign-off documentation between IRF and NZRA in this regard, paper work being limited to an advisory email from IRF to NZRA and, later, a press release.
