NZRA Newsletter - January 2006

Tararua24

(Incorporating the New Zealand Rogaining Championships)
18th – 19th February, 2006, Eastern Tararua Ranges

Entries close 4th February.

This is the next major event on the rogaining calendar in what promises to be challenging and interesting terrain. Besides the 24hr championship event there will 12hr, 2 x 6hr and 3hr options to suit the less competitively minded participants, and family teams. Consult the Tararua24 website, http://www.tararua24.co.nz/ , where you will find two planners reports, photographs, an entry form, and other relevant and interesting information.

The event is being organised by the Hutt Valley Orienteers. Race director is Mike Sheridan who has been assisted with the course planning by Allan Stowell. Pete Squires is course vetter and checker.

Need a partner?

Mondo Kopua is looking for one. Mondo is an experienced rogainer and is looking for a partner for a number of events in 2006. See the "Partners Wanted" on the homepage of the NZRA website www.rogaine.org.nz .

If **you** are looking for a partner we may be able to help you find one. Email your details to kennedyz@xtra.co.nz .

Navigational Aids - reminder

There has been a concern in recent Rogaines that people are using wristwatches that embody Altimeters. The only "aids" permissible in Rogaining are magnetic compasses and timepieces. So those fancy watches with altimeters and compasses should be left at home.

The Baker's Dozen

Saturday 18th March - 6hr & 13hr options

This event is being organised by Bob Cunninghame, family, and friends in Central Otago, near Middlemarch. Jim Cotter is the course planner.

Bob notes that the terrain is open tussock country and farmland; deeply incised gullies and streams; numerous rock outcrops in some areas; matagouri scrub in places. Exposed to all wind directions so be prepared for sudden changes and fog or mist on the higher land. Altitude range is 200 - 950m, approximately, depending on the final area decided on by the planner. Control sites/check points will be a mixture of conventional, flagged punch controls and cryptic clues.

Provisional starting time is 7.30 am for the 13 hour event and 2.00 pm for the 6 hour. There will be a meal at the conclusion in Middlemarch, about 20 minutes drive from the start/finish area. Registration, map issue and gear checking will be from 6.00 am.

Detailed information and entry form will be on the NZRA website www.rogaine.org.nz sometime in the next couple of weeks.

Other Events – be sure to regularly consult the Event Calendar at www.rogaine.org.nz for details and up-to-date information. Further events will be announced there as we get to know of them and dates are set.

CALL FOR VOLUNTEERS

Please contact Pete Squires, p.squires@xtra.co.nz or (03) 329 1714 with your offers.

Trophy keeper

We need a volunteer to be "Trophy keeper".
The job is to keep track of who wins the trophies at each year's NZ Championship, stay in loose email contact with them throughout the year in case they move their permanent address, and arrange to get the trophies returned to the organisers of the next NZ Championship in time to be presented at that event. This job can be done from anywhere in NZ and would suit someone who has reliable organisational skills.

NZ Championship 2007

We also need an expression of interest from anyone who would consider putting on the NZ Championship event in 2007. You wouldn't be on your own; we can give lots of help with making maps, organising entries, budgeting, finance, planning and vetting, choosing dates etc. What we do need from you or your group is the ability to contact the local landowners and liaise with them throughout the planning and event. You would also need to arrange for catering for the event; usually through a local school group or Lions' club who want to make a bit of money.

So if you think you have a suitable bit of land let us know and we can talk about it. You do not need a vast area if the country is hilly, but you would need at least an A4 sized map on 1:50,000 scale.

We have a possible expression of interest in the 2007 champs from one group already, but if anyone else is vaguely thinking about 2007 or a later year please get in touch now.

Hoping to see you at a Rogaine before too long,

NZRA
