Notice of motion

That NZRA holds a general meeting at the National Championship rogaine each year, with a pre-notified agenda. The NZRA management will review the minutes and outcomes of this meeting, and engage with membership on significant issues or recommendations.

Proposed: Grant Hunter
Seconded: Pete Squires

Explanation

As noted in the minutes of the AGM 2009, the committee of NZRA is looking at ways to operate more effectively at a truly national level. Steps so far towards this have included (1) regarding 'regional reps' as functioning as full committee members, thus broadening the across-regional base of the committee and (2) introducing Skype-based options to meetings. It has been suggested that a further step would be to hold the AGM at the annual National Championship event, to stimulate wider national involvement and to involve active rogainers who would not otherwise attend an AGM (irrespective of location). This also has difficulties and limitations. The proposal above is offered as an alternative practical step towards improved national functioning.

Topic for discussion – electronic nominations and voting

It has also been suggested that NZRA consider adopting a web-based or other electronic system for nominating and voting for committee membership. Submissions to the AGM on this are invited.
