Alhambra Antics/ Town and Around

General Information

The event headquarters/start/finish area is at the Opoho Scout Hall at the NE corner of Opoho Park (Alhambra Ground) at the east end of Opoho Road. The approximate boundaries of the map area are the Dunedin Stadium and Boat harbour area. Ravensbourne, Sawyers Bay , Mt Cargill, Leith Valley and Ross Creek/ Woodhaugh area. Altitude range: sea level to 670m. Most of the routes between checkpoints are public roads, footpaths and tracks. It is recommended that at least one team member wear high-visibility clothing. Note that the section of SH 88 between Ravensbourne and Sawyers bay is strictly out of bounds – a major traffic hazard. A considerable amount of the map is built-up; but there are sections through open farmland and extensive native bush. Checkpoints are dispersed in a way that lends the courses to be done as a series of loops or part loops.

Many of the checkpoints are permanent fixtures, sculpture, bridges, street art, power poles etc. Coded tags are used also. Clues are generally descriptive; but may entail a little extra thought. Pencils/ pens are necessary to record the codes, enter structure numbers and answer questions. Examples will be shown at registration.

Refreshments will be provided at the conclusion of each option (6 hour, 3 hour and 90 minutes). Proceeds will go to the Opoho Scout troop.

NZRA rules (see website) apply. In particular note that the course must be done on foot and that teams remain together at all times. Randome checking will be done; but it is not possible to police the event at all times and in all places. Wheeled vehicles including skate boards and roller blades aids are banned at all times. The only exception is hand powered wheel chairs. There are no prizes for winning, however there will be a spot-prize draw for each course option at the end.
