Amuri Basin Rogaine 2019 "*Eudunda*"

6, 3 & 1.5 hour rogaines
Sunday 7th July 2019

Dear Team,
Thank you for your entry.

Your team number is available at: www.rogaine.org.nz.
(http://www.rogaine.org.nz/entry/entrants.php?eventId=21) Please enter your team number on the indemnity form sent separately with this information.

The team contact person is asked to please ensure all team members are familiar with all the information in this document. We hope you enjoy the event.

Welcome

Amuri Area and Rotherham schools welcome you to the 3rd annual Amuri Basin Rogaine. For this year's event we acknowledge the support of Wally and Aranza Jamieson (Eudunda), Ben and Jenny Rutherford (Montrose), and Mark and Jane Schwass (Kiaora Downs), whose land you will be competing on.

Getting to the event

Registration is at Eudunda.
From Culverden travel north and west past Red Post Corner. Five kilometres from Culverden turn left into the drive for Eudunda. This turn off will be marked. Follow the signs from there to the parking and registration area. If travelling from Hanmer Springs then the entrance is on your right, 200 metres beyond Mouse Point (where Flintoft Road turns off SH 7). Travel time from Christchurch is about 1 hour 35 minutes.

Carparking

Park as directed. Parking is limited so consider carpooling as much as possible.

Registration

Registration from 8:30 am (6-hour)
from 10:30 am (3-hour)
from 12 noon (1.5-hour)

Ensure your team is together and that you have your **completed indemnity form** with you.
Each **team member** will receive:

- A waterproof map with pre-marked controls and control descriptions – see also additional notes, page 4;
  for the 6-hour the map will be A3 size at 1:25,000, for the 3-hour it will be A4 also at 1:25,000), and for the 1.5-hour: it will be A4 size but at 1:12,500 .

Each **team** will receive:

- two NAV TAGs – **NB**: In Mixed teams they must be worn by a male and by a female. Note: All three events are using electronic punching. The tags go on your wrist.
- 6 & 3-hour only: an A4 (black and white) intentions map (see below).

NOTE: If you have not paid your entry fee you will not be permitted to register.

Intentions map (6 & 3-hour events only)

Please mark your intended route (with direction arrow) on this map. The route you mark need not constrain your subsequent plans through the day, but it does provide backup information in the event of us having to call out SAR to look for you.
The intentions map is to be handed in before you start.

Briefing and Start

The Start/Finish is at the Registration area.
Times are as follows:

6-hour	briefing at **9:45 am**, for start at 10:00 am
3-hour	briefing at **11:45 am**, for start at 12 noon
1.5-hour	briefing at **12:45 am**, for start at 1:00 pm

For details on using the Navlight Electronic Scoring System see the homepage of the website www.rogaine.org.nz.

Your NavLight will be activated at the Briefing, so you must attend the briefing.
If your NavLight is not activated you will score zero.

Finish

The Start/Finish is at the Registration area.
The events will finish on the dot as follows:

1.5-hour at **2:30 pm**
3-hour at 3**:00 pm**.
6-hour at 4**:00 pm**.

Aim to **finish on time; you will be penalised 20 points per minute late, but if you are more than 30 minutes late then all points will be lost.**
As soon as you finish, register your wrist-tag on any one of several FINISH punches, and then present yourselves to the assistants who will snip off your wristbands. Your NavTags will then be downloaded. Wait for an immediate printout of your score. If you have any disagreement with it, see the Planner (man in orange vest), NOT the scoring team.

Post-event food

There will be soup, a BBQ and hot drinks for finishers in all three events, catered for by the PTAs of Amuri Area and Rotherham schools.

For the 1.5-hour from 2:30 pm
For the 3-hour from 3:00 pm
For the 6-hour from 4:00 pm.

PLEASE BRING YOUR OWN EATING UTENSILS FOR THE POST-EVENT FOOD THAT WILL BE PROVIDED (PLATE, MUG, KNIFE, FORK AND SPOON)

Results

Results for each event will be announced as soon as possible, after the conclusion of each event, and will subsequently be available on the NZRA website: www.rogaine.co.nz. There will be spot prizes.

What to bring

All competitors must be fully equipped for adverse winter conditions with full body storm weather cover.

Compulsory clothes and equipment:

Per team member:	thermal top & trousers	thermal hat and gloves
	shower proof/windproof coat	survival sheet or pack liner
	whistle,	food, water bottle
	robust, well-fitting footwear with well-treaded soles	

As you will be on a dairy farm, please ensure your footwear is clean on arrival.

Per team:	small first aid kit	at least 1 compass (but no GPS)
	watch	pencil, biro, or fine marker
	cellphone	torch (just in case)

Your gear is your responsibility. There is no compulsory gear check but the organisers may check on a random or selective basis.

Depending on weather on the day, we **strongly recommend** you also carry: fully rainproof parka, second layer thermal top, showerproof over trousers. You may also wish to consider having and/or carrying the following:

- Highlighter to plan and mark your route.
- Personal Locator Beacon.

Food and drink

Carry enough for the amount of time you are in the field. You may return to the Start at any time during the event to finish or rest. There will be one water refill station on the 6-hour course.

First Aid

A First Aid Unit will be in attendance at the Start/Finish.

Cancellation

This event will only be cancelled if conditions are extreme. If cancellation is made before the day this will be posted on the NZRA website www.rogaine.org.nz ; otherwise such will be notified at the start.

The organisers reserve the right to shorten the event for safety or other reasons.

The map

- A3 size for the 6-hour; A4 size for the 3- and 1.5- hour.
- 6 & 3-hour: 1:25,000 with 20m contours, aligned to magnetic north.
- 1.5-hour: 1:12,500 with 20m contours, aligned to magnetic north.
- The terrain is mostly hill county with streams in the gullies. Elevation ranges from about 300m to 560m (6-hour) / 470m (90-min).
- In some places there are very steep rocky bluffs. See also Hazards, below.
- Vegetation is mainly farmland with scattered scrub, some native bush and one or two pine shelter belts. Scattered scrub is more extensive than shown on the map. There are many distinct pine trees across the terrain, some are mapped and some are not. Those that are mapped are accurate.
- The map is based on the LINZ Topo50 data with updates from aerial photography, GPS and field observations.
- Tracks and fences. There are many more fences than shown and those that are shown may no longer be accurate. Otherwise navigate primarily using contour features that do not change, hills, gullies, streams etc.

Safety and Hazards

Safety is a priority during this event. However the organisers cannot guarantee your safety and you participate at your own risk. Your responsibilities include:

- carrying all compulsory protective clothing and other safety equipment.
- staying together as a team at all times, and providing mutual support.
- helping any other team you find in difficulties.

Hazards to be aware of are:

- **Hypothermia.** Already this season parts of the map, at various times, have been covered with snow. Wind, water, snow and cold temperatures can lead to exposure or hypothermia. Early symptoms are subtle (clumsiness, lethargy, slurred speech). Be prepared to seek shelter or to call it a day if conditions are severe, or if any of your team is becoming exhausted. In severe weather, keep off high, exposed ridges. As altitude for the event ranges up to 550 m (470 m for the 1.5 hour), it will be mandatory for all competitors to be equipped for sub-alpine winter conditions.
- **Streams**. All streams should be crossable but expect wet feet. If necessary look for the best crossing point. If you consider a stream to be too heavily swollen then DON"T CROSS..
- **Cliffs, slippery rocks**. There are cliffs and outcrops throughout the event area. Please be very cautious around steep faces and rock bluffs.
- **Rough ground and tussock slopes.** Tussock slopes can become slippery. In and around gullies the tussock generally grows in taller clumps making progress slower. Also be alert to hidden obstacles such as rocks and loose fencing wire.

- **Fog/low cloud**. If in fog, orientate the map and yourself with a compass. If in doubt, don't climb into cloud, and descend out of it.
- **Fences**: There are quite a few electric fences (treat as on). Many are only of two strands and can easily be crossed. Take care where there is barbed wire.
- **Scrub**: The tussock is interspersed with matagouri. If you enter thick scrub it is likely there is an easier route, backtrack and go around. Full body cover is advisable, but is already required (see **Hypothermia**, above).
- **Road traffic**: This is an off-road event.

In the event of serious injury or exhaustion, make injured person warm and comfortable; and ring for help. Generally there is coverage across the map except in one or two gullies. Emergency numbers will be printed on the map: 021 993 646 or 111 in an extreme emergency. Feel free to carry a Personal Locator Beacon. If you cannot obtain help by phone then arrange, if possible, to leave someone with the person; note your exact location and seek help. Emergency signal: repeated short blasts on whistle. Repeat if you hear one long blast. A First Aid Unit will be in attendance at the Start/Finish.

If you become totally disorientated, travel down slope to sheltered ground. Be very careful of steep cliffs. If you become totally lost try and descend heading NORTH and/or EAST.

Any queries, including advice to beginners, to:

Renee 021 993 646 or crossley@amuri.net
Stuart Chch 337-2275 or oldhat@actrix.co.nz

Page following contains:
Appendix 1:Rules in brief
Appendix 2:Environmental and Farm Care

Appendix 1: Rules in brief

Rules in brief

- Use rogaine event map and compass only. GPS or altimeters are not permitted.
- Travel only on foot.
- Your team may visit any number of controls and in any order.
- Team members to stay within verbal contact of each other at all times. All members must approach within 20 metres of each checkpoint. (Your fellow competitors will be watching)
- If a punch fails to function (no light), record the code inside it.
- If in the unlikely event that a control is missing be able to describe the local setting or take a photo.
- If a competitor wishes to withdraw, the entire team must return to START/FINISH and notify organisers. (Team retains current points score.) Teams of one are not permitted.
- When your team finishes, all members must be together when the finish punches are tagged.

Procedure at each control

- Each control comprises an orange/white flag, and coded punch with control number.
- Insert the NAV PUNCH IN YOUR NAV TAG – (There will be a test NAV TAG and PUNCH at Registration.)
- BOTH team tags must be punched at EVERY control visited.

Points value, penalty points, protest

- Points 20-29 are worth 20 points, points 30-39 are worth 30, etc., with 101-103 worth 100 points – this information will also be on the back of your map
- 20 points penalty for each minute late. 30 minutes late - all points lost
- If you disagree with scores, see the event organiser.

Appendix 2: Environmental and farm care

- Keep clear of buildings, machinery.
- Gates to be left as found - usually closed. If your team opens a gate then your team closes it.
- Cross fences with care - through wires (some will be electric), cross at a post.
- If gate cannot be opened, please climb over at the hinged end.
- Don't crowd stock or trample crops.
- Out of bounds means OUT OF BOUNDS.
- No **rubbish**, no dogs (not even in vehicles at Registration), no firearms.
- Report any damage, distress to stock, etc. to event organisers.
- No smoking.
- All human waste must be buried. There will be toilets at the Start/Finish.
